## Mobile Document Destruction

LSE has started a mobile work crew with state of the art equipment to meet the needs of our community.

As federal, state and local requirements for personal security increases, so does the need for reliable sources for document destruction.

LSE has developed a mobile work crew that will come to your office, take custody of your documents, weigh the items, shred and produce a receipt that includes time, weight and custody signatures.

*Mobile work crew to expedite your service*

You can feel safe with us! Our crew as well as management team are licensed, bonded and NAID certified to provide the best quality, competitive and reliable services.

Additionally, you will be helping our community and supporting workers with disABILITIES meet their potential and professional goals.
